

2. WORKSHOP EPFL – NEW TIME PERCEPTION

CONTEXT

Company objective: Innovate, propose new complications, be forward-thinking

PROPOSED TOPIC

Imagining a new complication that gives a perception of time

More information to come on the different existing complications.

The combination of **New technologies**,
and original displays of time values,
Enable the creation of **innovative products**

ENVIRONMENT

Research Department, responsible for all upstream innovations

OBJECTIVE

Proposals of a new complication that could give a perception of time.

Be able to put this complication on a new model.
