

Company Presentation 17 Sept. 2024

Bios

Clemence Lanfranchi (<http://linkedin.com/in/clémence-lanfranchi-5b62ab172>) is a Member of Technical Staff who joined Oracle Labs 2 years ago after completing her Master's degree in Data Science at ETH Zurich. She works on machine learning for healthcare and on automated code generation using LLMs.

Andrzej Wiech (<https://ch.linkedin.com/in/andrzej-wiech>) is a Principle Member of Technical Staff in Oracle Labs since 1 year. He is passionate about designing and building distributed systems and system architectures. His current work focuses on Application Dependency Management (ADM).

Aleksei Kashuba (<https://ch.linkedin.com/in/aleksei-kashuba-95a1a2171>) is a Senior Member of Technical Staff in the Oracle Database Multilingual Engine (MLE) team. His research interests lie at the intersection of programming languages, DBMS and operating systems.

Alfonso² Peterssen (<https://www.linkedin.com/in/alfonso2peterssen/>) is a Senior Researcher at Oracle Labs. As a member of the GraalVM team, his primary focus is on Espresso, a meta-circular Java bytecode interpreter.
