ENERGY AT EPFL

9 / 33 Centers

4 / 5 Campuses

100 / 444 Laboratories

6 / 7 Faculties/colleges

Grids

Socio-economics

Energy and the environ-ment

Materials

Systems

Storage

Renewable energy

Efficiency

Digitaliza-tion

Fusion

Transpor-tation

And… several **1000** projects !

# 2023 Highly Cited Researchers

Yasmine Calisesi

7 out of 11 highly cited researchers at EPFL work in the field of energy

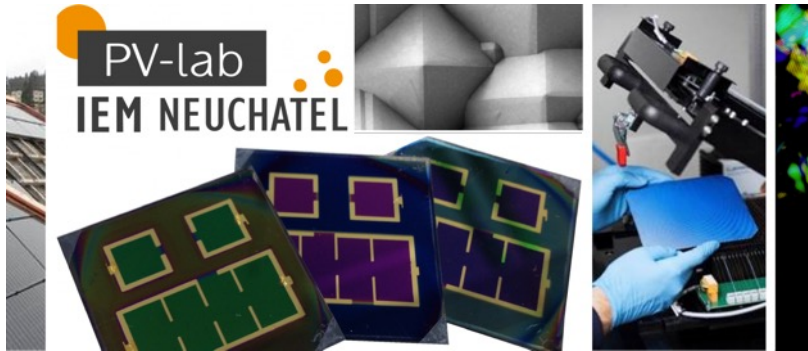

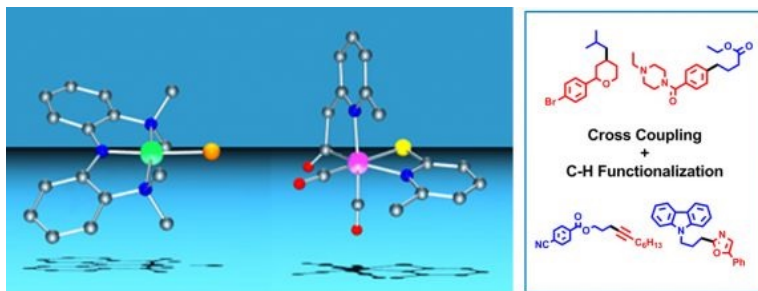

Christophe Ballif
Photovoltaics and Thin Film Electronics
Laboratory

**Michael Graetzel and Shaik
Mohammed Zakeeruddin**
Laboratory of Photonics and Interfaces

Andras Kis
Laboratory of Nanoscale
Electronics and Structures

Xile Hu
Laboratory of Inorganic Synthesis and
Catalysis

Nicola Marzari
Laboratory of Theory and
Simulation of Materials

Mohammad Khaja Nazeeruddin
Group for Molecular Engineering of Functional
Materials

EPFL is the largest recipient of public energy research funding in Switzerland

CEN Activities

ENERGY AT EPFL

	Research	Outreach	Education
Students	• Support to student initiatives	• "Coin du feu"	• MSc Program • 1rst-yr Sustainability • Energyscope
Labs	• Workshops • Project development • Project management	• Faculty lunches • Newsletter • Energy Aperos	
Industry	• Workshops • Project development • Visits / B2B meetings	• Industry days	• Executive Courses • CAS/MAS programs
Society	• Living labs	• Social Media • Public events • Exhibitions • Dialogue platform	• Energyscope Q&A's • Energyscope MOOCs
EPFL	Strategic plans and initiatives
