

Histopathology Seminar on Mice 2024

The seminar will take place on two half days. It includes knowledge about necropsy and sampling, histologic processing of tissues using various techniques as well as in depth histology and examples of common histopathologic lesions in various organ systems (see below).

You are welcome to bring your own slides, so we can discuss them together!

Location: Tba
Registration: christine.gopfert@epfl.ch
Max. 15 participants

Program 21.06.2024

09.00 – 10.00	Details in necropsy planning and sampling	Christine Göpfert, HCF, EPFL & Uni Bern
10.00 – 10.45	Sample preparation and special stains	Jessica Sordet, HCF, EPFL
10.45 – 11.15	<i>Coffee break</i>	
11.15 – 12.00	Respiratory system	Christine Göpfert, HCF, EPFL & Uni Bern
12.00 – 12.45	Cardiovascular system	Christine Göpfert, HCF, EPFL & Uni Bern

Program 28.6.2024

09.00 – 10.00	Molecular histology: from basics to spatial omics	Jessica Sordet, HCF, EPFL
10.00 – 10.45	Alimentary system	Christine Göpfert, HCF, EPFL & Uni Bern
10.45 – 11.15	<i>Coffee break</i>	
11.15 – 12.00	Urinary tract	Christine Göpfert, HCF, EPFL & Uni Bern
12.00 – 12.45	Liver and Pancreas	Christine Göpfert, HCF, EPFL & Uni Bern
